Government Schemes for Women and Girls in Uttar Pradesh

Only schemes a woman or girl living in UP can use: UP state schemes and all-India central schemes. Schemes of other states (Haryana, MP, Delhi and others) are left out because they need residence in that state. Benefit, eligibility, required documents, how to apply, status and official links. Status as of 23 October 2026. 64 entries.

How to use this document

Each scheme is on its own page and starts with a Scheme ID, the state, the category, who it applies to, the status and how it was verified. Statuses: OPEN means you can apply now. ACTIVE means the scheme is running. ACTIVE - existing beneficiaries only means payments continue but new sign-ups are closed. APPROVED - not yet open means it has been announced but no application has started. NOT IN FORCE, DISCONTINUED or FAKE / NOT A GOVT SCHEME means do not apply. Always confirm on the official .gov.in or .nic.in portal before applying.

Safety rules

- Apply only on .gov.in or .nic.in portals, myscheme.gov.in, or official government apps. Many 'apply' websites are private.
- No official scheme charges an application fee beyond the capped service charge at a government centre (CSC, Jan Seva Kendra).
- Never share an OTP, bank PIN or password with anyone who claims they can register you.
- If you already receive money, complete every e-KYC and verification round. Missed e-KYC is the most common reason payments stop.
- Check viral scheme claims on PIB Fact Check (factcheck.pib.gov.in) before believing them.

Real alternative: there is no central monthly cash scheme for women. Uttar Pradesh also has no monthly cash scheme for all women; UP support comes through targeted schemes such as Kanya Sumangala, the Nirashrit Mahila (widow) Pension and Samuhik Vivah. The old central 'Mahila Shakti Kendra' was only a support-services scheme and is now merged into Mission Shakti - it never gave cash.
